

BUSINESS ENVIRONMENTS

Office Furnishings • Flooring • Spaceplanning

Creating Workplaces that Work

Business Environments is a full service dealership featuring office furniture, commercial flooring and interior design/space planning services. We are New Mexico's largest contract office furnishings and flooring dealer, representing Steelcase, Milliken, Shaw and other quality products and services. Business Environments serves the needs of every kind of workplace, large and small throughout New Mexico from our locally owned and operated facilities. Business Environments occupies approximately 34,000 square feet of warehouse, office and display space. We have been in business since 1973 and employ approximately 80 people. Our goal, simply stated, is to build effective work environments that leverage the physical space to improve performance. It's a proven fact; the workplace will impact business results. [Let us show you how.](#)

Mission Statement

Business Environments' mission is to maintain a clear focus on customers and to deliver quality products and services that meet and/or exceed our customer's expectations.

We appreciate and recognize the efforts and contributions of our employees which are necessary to accomplish our objectives.

We are dedicated to continuous improvement in all areas of our business, through assessing, planning, implementing and measuring what we do.

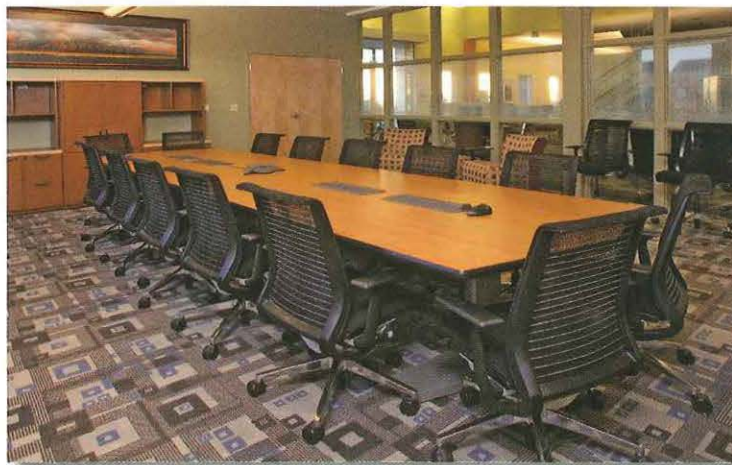

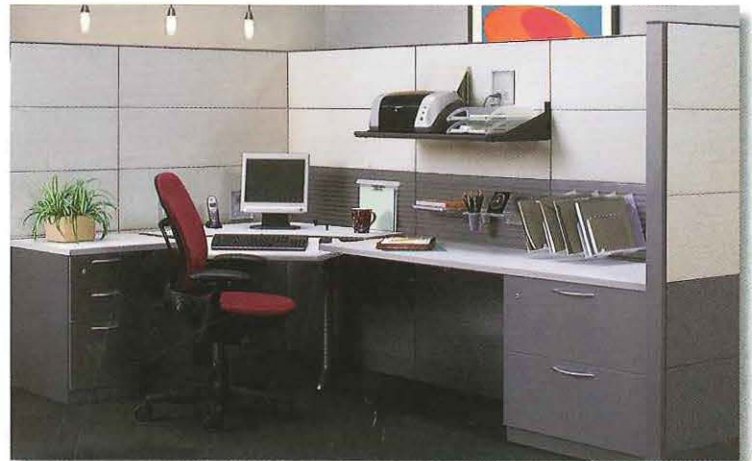

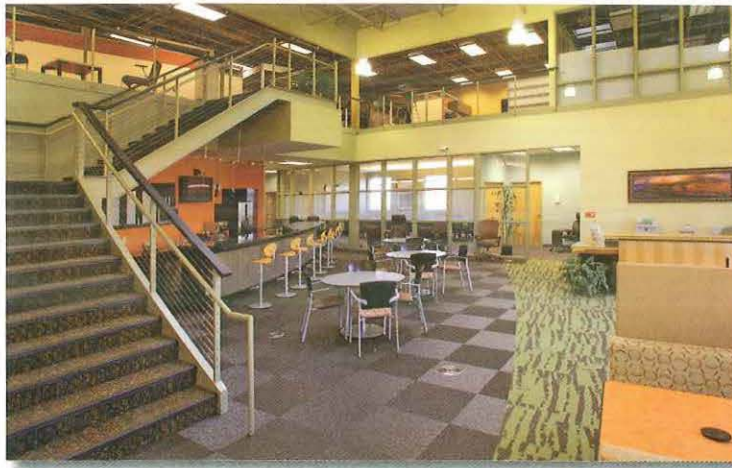

Products & Services

FURNITURE AND ACCESSORIES

In addition to Steelcase, the world's largest manufacturer of office furnishings, Business Environments represents over 150 other manufacturers. The broad range of top quality products offered by these manufacturers enables us to meet any customer need. We provide product solutions for large and small corporate offices, healthcare facilities and home work environments, educational facilities and government projects in a local, state and federal arena.

FLOORING SERVICES

As a full service contract dealer, Business Environments represents Milliken, Shaw, Lees and other major manufacturers of flooring. Our services include product consultation, maintenance, estimating, recarpeting occupied office space, vinyl and cove base. Installations are performed at your convenience by professionally trained, certified, bonded and insured installers.

Professional Affiliations and Services

Steelcase

Whatever you need to accomplish, Steelcase can provide you with the environment and the tools to do it better, faster and more effectively. That's because we're passionate about unlocking the potential of people at work. It's the fundamental principle on which our company was founded in 1912 and it remains our single-minded focus in the 21st century.

We make it our business to study how people work, to fully understand the ever-changing needs of individuals, teams and organizations all around the world. Then we take our knowledge, couple it with products and services inspired by what we've learned about the workplace, and create solutions that help people have a better day at work.

StarNet® is a commercial flooring cooperative comprised of locally owned, full service commercial flooring contractors located throughout North America. Together, these independent flooring contractors form a powerful organization capable of handling all commercial flooring needs.

When you choose a local StarNet® member for your commercial needs, you get the outstanding craftsmanship that's the bread and butter of an independent contractor. Plus you get the peace of mind that comes from knowing that this is someone who's able to anticipate and solve problems that are unique to your region. Add to that, purchasing power and an unlimited choice of product, and you're assured of perfectly integrated project management - from bringing your design to life to post-installation follow-up. **Let us meet your needs.**

Operating under the FloorExpo umbrella, MultiFamily solutions is a national network of the finest multi-family flooring contractors in America.

The quality of the foundation of this membership is unequalled; they are strong, of high integrity, and their customers get exactly what they pay for. MultiFamily Solutions Members have relationships with all facets of the multi-family housing industry: owners, managers, developers, leasing consultants, maintenance technicians and suppliers. MultiFamily Solutions customers benefit from consistent service, product, and powerful technology systems designed to increase service capabilities, eliminate redundancies, and effectively reduce costs.

By bringing together the best flooring contractors in the nation, MultiFamily solutions can offer their customers unparalleled service. Now, national property management companies will be able to negotiate programs with one organization on a national basis instead of three or four vendors in each of the key national markets.

The time savings alone for customers in the purchasing and product selection process is substantial, both on the corporate and the property management levels.

INTERIOR DESIGN/SPACE PLANNING

Business Environments is constantly researching new and better ways to assist our clients in this challenge. Our interior design professionals, assisted by computer technology, provide a wide range of services from Programming, Space Planning, Schematic Design and implementation. We can help ensure ADA compliance, perform in-house Health and Safety training and conduct ergonomic evaluations through "Healthy Office" consultations.

FURNITURE/FLOORING INSTALLATION SERVICES

Business Environments maintains a full time factory trained team of installers. Our installation/reconfiguration teams undergo extensive instruction in both customer relations and product application.

MAINTENANCE SERVICES

We help you protect your investment in high quality furnishings and flooring through cleaning and preventive maintenance programs, such as fabric protection providing soil, fading and wear resistance. All of our maintenance services are designed to protect and repair all working parts ensuring long product life.

LEASING PROGRAMS

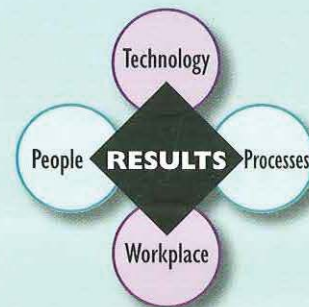

Business Environments leases furniture at extremely competitive rates for clients wishing to maximize their cash flow while minimizing up front expenditures.

GENERAL SERVICES ADMINISTRATION (GSA)

Business Environments provides a comprehensive program including design services, delivery and installation through the use of GSA contracts statewide for both furniture and flooring products.

MOVE MANAGEMENT

Business Environments manages all the details of your business move. We schedule, manage and arrange for disassembly, move transportation and reassembly of furniture. We also coordinate electrical, telephones and other equipment.
